Form W-4 (2017)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. If you are exempt, complete **only** lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2017 expires February 15, 2018. See Pub. 505, Tax Withholding and Estimated Tax.

Note: If another person can claim you as a dependent on his or her tax return, you can't claim exemption from withholding if your total income exceeds \$1,050 and includes more than \$350 of unearned income (for example, interest and dividends).

Exceptions. An employee may be able to claim exemption from withholding even if the employee is a dependent, if the employee:

- Is age 65 or older,
- Is blind, or
- Will claim adjustments to income; tax credits; or itemized deductions, on his or her tax return.

The exceptions don't apply to supplemental wages greater than \$1,000,000.

Basic instructions. If you aren't exempt, complete the **Personal Allowances Worksheet** below. The worksheets on page 2 further adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-earners/multiple jobs situations.

Complete all worksheets that apply. However, you may claim fewer (or zero) allowances. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Head of household. Generally, you can claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See Pub. 501, Exemptions, Standard Deduction, and Filing Information, for information.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the **Personal Allowances Worksheet** below. See Pub. 505 for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax. If you have pension or annuity income, see Pub. 505 to find out if you should adjust your withholding on Form W-4 or W-4P.

Two earners or multiple jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others. See Pub. 505 for details.

Nonresident alien. If you are a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Check your withholding. After your Form W-4 takes effect, use Pub. 505 to see how the amount you are having withheld compares to your projected total tax for 2017. See Pub. 505, especially if your earnings exceed \$130,000 (Single) or \$180,000 (Married).

Future developments. Information about any future developments affecting Form W-4 (such as legislation enacted after we release it) will be posted at www.irs.gov/w4.

New Employee On-Boarding & Existing Employee Orientation for IT Security

Why is IT Security important at CUNY?

- We must ensure our academic and administrative systems continue to be available to run the business of the University and to serve our faculty, students, and staff.
- We must maintain accurate University data and prevent unauthorized changes (e.g., grades, financial aid information).
- We must be reputable custodians and are required by law to protect the privacy of personal data belonging to our faculty, students, and staff.

What are the IT Security risks to CUNY?

- Don't be phished. Phishing is a scam in which an email message directs you to click on a link that takes you to a web site where you are prompted for personal information such as passwords, social security number, bank account number or credit card number. Both the link and web site may closely resemble an authentic web site, but they are not legitimate.
- Don't disclose personal information to someone you don't know. Social engineering is an approach to gain access to information through misrepresentation. It is the conscious manipulation of people to obtain information without their realizing that a security breach is occurring. It may take the form of impersonation via telephone or in person, and through e-mail.
- Don't disclose personal information within CUNY unless it is absolutely necessary. The need for disclosing your social security number outside of the Human Resource (HR) department would be unusual. When in doubt, contact the HR department directly to verify the legitimacy of the request.
- Protect your user ID and password and never share them. Your user ID is your identification, and it is what links you to your actions on CUNY's computer systems. Your password authenticates your user ID. Use passwords that are difficult to guess and change them regularly.
- You are responsible for actions taken with your ID and password. Log off or lock your computer when you are away from your workstation. In most cases, hitting the "Control-Alt-Delete" keys and then selecting "Lock Computer" will keep others out. You will need your password to sign back in, but doing this several times a day will help you to remember your password.
- E-mail and portable devices are not secure. Do not ship personal information belonging to you or CUNY faculty, students, and staff to portable devices (e.g., portable hard drives, memory) or send or request to be sent such personal information in an e-mail text or as an email attachment without encryption.
- Be careful when using the Internet. Malicious code can take forms such as a virus, worm or Trojan and can be hidden behind an infected web page or a downloaded program. Keep anti-virus and anti-malware programs and the software on your workstation up-to-date at all times. Only install software authorized by your department, and never disable or change security programs and their configuration.

Where are the CUNY IT Security information resources?

- Security.cuny.edu is available 24 hours a day from any Internet accessible location without a user ID and password. All relevant policies, procedures, and advisories, the IT Security awareness program and materials, and links to external IT Security information resources are located here.

- Find the IT Security Procedures – General under Info Security Policies.
